GCC - King II Coal Mine Class II permit #2012- 0089

Dear Daniel:

I wanted to write you about the subject of noise monitoring on CR 120.

We have been informed of the recent noise monitoring that was undertaken at specific locations on the road by experts working for GCC.

That information as we understand it will be in your hands very soon. It is of great interest to us.

We all have an interest in the timely submission of information; no one wants this proceeding to be delayed. We therefore ask that this information be made available to us as soon as it is received.

Would you be kind enough to help us assure that this happens?

Best wishes for the holidays.

Sincerely,

Luke J. Danielson
